Oh! This is the manga I wrote for the 2007 Winter Comiket
Im really sorry
I actually wanted to draw an old man-like,
but somehow it ended up being an older brother-like
And the seme is the kind I always draw Im really sorry!

I'll try sleeping with one myself

This is something my dad really said to my sister and me
He kept going on and on about weddings and then just...
Sorry Im so into BL, Dad Hahaha

It's the same ordinary story as always,
but if you enjoy it even a little bit Ill be happy

Im really sorry to everybody who bought this at the Comiket,
but Ive corrected lots of little things
You might have fun finding all of my mistakes
Im so sorry! (T.T)

Hugs to Ryuuta-san and Ashi-san! I love you! ^v^

*Mother-Daughter donburi = Oyako Donburi. Oyako donburi is a Japanese dish, but can also mean sleeping with a mother and daughter at the same time.
